9/1/33

Revenue Department | File No 63 of 1932

Serial No

65 Letter no G 2 to 127 dated 20th Oct 1932 from the Municipal Commissioner Bangalore City requesting sanction to the resolution of the Mcl to amend bylaw no 9 of the Bangalore and Otteranne trade bylaws, so as to enable them to grant licenses for manufacturing Soap in any locality, amongst dwelling houses

It is stated in the Commrs letter that the proposed amendment was published in the Bangalore mail and no objections were received. In such cases whether the publication in the newspaper is enough is a point for consideration

As the bylaw stands Soap making cannot be allowed to be carried on in any locality which is less than a furlong distant from a cluster of 25 habitations or less than half a mile distant from a group of 5 dwelling houses etc"

The Mcl propose to amend the bylaw so as to enable them to grant license to one Mr Syed Valeesha for a Soap factory near the Hurlase Thotam Theatre The Mcl contends that the place is a hundred feet away from the nearest dwelling house and the factory would be treated moderen and that the distance prescribed is too much having regard to modern conditions of the City life and of improved

Returned with compliments

I inspected along with the Sanitary Engineer and the Health Officer the premises near Thulasi Thotam where one Mr Syed Jali Shah has proposed a soap factory The premises are situated in the midst of a congested residential area and close to a public park There are human dwellings within a radium of 100 feet Arrangements have already been made to start soap making Two soap boilers have been fitted up and some quantity of soap manufactured There is stock of oil (Castor oil, groundnut) Alkali silicate and dye stuff

Packing cases and moulds have been kept ready From the size of the boilers I am led to infer that the output of soap per day will be no less than 1½ tons The whole place is untidy and in disorder There does not seem enough room for the occupation Though Sr Vali Shah is the applicant I was informed on the spot that one Mr R P Jamnadas Thampa is going to conduct the business

I am not satisfied that the locality and the premises lend themselves to the location of a trade such is classed as offensive To permit such a trade in this area would amount to interference with any town planning The business is likely to grow and when it does, it will make the local conditions worse

I do not therefore recommend license being granted for a soap factory here both from the point of view of workers of the factory and also of the neighbourhood

As regards the proposed amendments to the bye-laws I do not consider that the discretionary power proposed to be given to the Commissioner is desirable The restrictions as to distance imposed by the present bye-laws are necessary from the point of view of a healthy city growth My complaint is that the existing bye-laws are not sufficiently strict in their framing and application

It is said that the amended bye-laws were published in the Bangalore area and that objections were received I wonder how many.

Amendment to bye-laws – Boarding houses etc.

Secretariat Section

Sl No. 1

in this locality subscribe to the mail or read it 'No objections' formally received by the Municipality is no certain proof that an offensive trade is acceptable to the residents of the area. Sanitary conscience has not yet sufficiently advanced in this country as to give discretion of acceptance or non-acceptance to the people who as a rule feel shy of offending their neighbour however offensive he may be sanitarily.

In the above circumstances I do not feel there is any justification

(1) to permit a soap factory here and
(2) to amend the bye-laws

The Sanitary Engineer agrees with me in this.

SECT 1841 21 OCT L.S.G. DEPTH

The Secretary Ranga Rao, Esq , B A , B L ,
Secretary to Government,
General Department, Bangalore

Sir,

I have the honour to state that one Mr Syed Vallisha applied for a license for a Soap Factory near Thulsi Thotam Theatre in the Bangalore City Though Soap-making in this instance would not as a matter of fact be a nuisance as it is a hundred feet away from the nearest dwelling house, the factory would be practically noiseless and there would be no outflow of harmful or obnoxious waste products, yet it would be a nuisance in law and there is a prohibition under bye-law (9) (1) to carry on soap making in any locality which is less than two furlongs distant from a cluster of 25 habitations and the proposed building for the factory comes within the prohibited area and within half a mile of 50 dwelling houses The

The matter was therefore referred to the Bye law Committee for proposing an amendment as the distances prescribed are too much having regard to the modern conditions of the city life and of improved process of soap manufacture and considering that as a matter of fact it will not be a nuisance

The amendment proposed by the Bye Law Committee were approved by the Council at its meeting held on 13-8-1932 and they were published in the Bangalore Mail of 29th August 1932 calling for objections No objections were received

I herewith enclose copies of the notification and of the proceedings of the Bye Law Committee and of the Council dated 14th July, and 13th August 1932 and 5th October 1932 for the information of Government

I request you to be so good as to obtain early sancti

sanction of Government for these proposed amendments

I have the honour to be,

Sir

Your most obedient servant,

Municipal Commissioner

Forwarded with compliments

Proceedings of the Adjourned meeting of the Municipal Bye law Committee held on 14-7-1932

Subject No 1 - To consider Municipal Commissioner's memo No Pet 1864 dated 2-11-31 referring the question of amending Bye laws relating to Dangerous and offensive trades framed under sections 48(1) b(iii), so that permission may be granted to Mr Vallisha for a Soap Factory near Thulasi Thotam Theatre

Resolution - Resolved that the following amendment of the Bye laws in question be proposed -

After Bye law No 9, clause (i) at page 65 of bye-laws relating to dangerous and offensive trades, insert the following proviso -

" provided that it shall be competent for the Commissioner to grant a license for carrying on of the trade mentioned in bye law No 2(b) (10) in any locality which does not satisfy the conditions specified above if he is satisfied that the method adopted in carrying on the said trade is such as not to render it offensive or dangerous to the neighbourhood "
